Project Description

Principal's Priority 2

2

The Northwood ABC PTA has been planning to acquire a stand-alone school sing for the past two years. They have committed \$4,500 towards the project. This grant request is for the state legislature to partner with the Northwood ABC PTA by matching the \$4,500 that our PTA has committed to the project. We have checked into the price of a stand-alone sign (similar to those at other elementary schools) and believe with the cost of materials and labor, that we could have a sign for about \$9,000.

Benefits if Project is Funded

Northwood ABC will be able to communicate more effectively with our parents and the surrounding Spenard community about upcoming school events. In addition, the Asian Cultural Center, which shares our building, would also be able to communicate about upcoming community events.

Impacts if Project is not Funded

Our ability to more effectively communicate will continue to be substandard. Events that could otherwise be easily visible to our family members will be underrepresented.

of Students impacted by project 310

Project Start Year 2011
Project Finish Year 2011

Project has matching funds are available Yes Northwood PTA

Project has prior state funding available No

Project has federal funding available No

Project has has a public review process Yes Capital Request Advisory Committee
